are produced for us  
by our own hybridizer.

# Morse's Dahlias

WE take great pleasure in presenting you with our new Dahlia catalogue for Fall 1917 and Spring 1918. We have discontinued many of the older varieties and substituted with newer ones, some our own special seedlings, others new importations from Europe, making, we believe, the finest collection of Dahlias on the Pacific Coast.

Our Dahlias won the highest award for trade exhibit at the Palace Show last Season.

*MORSE'S HYBRIDIZED DAHLIA SEED*  
*from choice named varieties produced especially for*  
*our trade, 35 cents per packet, postpaid.*

*Full Directions with each Packet.*

FREE

*A Packet of the above Seed given with each Dahlia*  
*Order of \$2.00 or over.*

## PLANTING DIRECTIONS

---

To successfully grow Dahlias, they should not be planted before the 15th of April. Tubers should be planted in a slanting position with the eye or sprout about four inches below the surface and about three feet apart. Apply a mulch of good stable manure and keep the soil well cultivated.

Soon as buds appear, fertilize with Morse's Standard Fertilizer and water freely. This will produce both fine long stems and good flowers.

---

While we use every possible care in selecting our stock, we will not be responsible, otherwise than where the plant is not true to label, and then only to the value of the original bulb. If the purchaser does not accept the goods on these terms, they are at once to be returned.

Kindly notify us as soon as possible of any error.

**C. C. MORSE & CO.**

Sept. 1, 1917.

*Prices in this catalogue are postpaid, first,  
second and third zone.*

**New Decorative Dahlia**  
**GOLD DUST**

**Price \$2.00**

## **GOLD DUST**

---

### **1917 Novelty**

---

This new decorative dahlia is wonderfully adapted for florists' use, its beautiful gold and bronze tones making it especially desirable for table and other decorations. Of strong, robust growth, very free flowering, remarkable long stiff stems make it an ideal keeping flower. It will easily keep for five or six days and has a very pleasing appearance under artificial light. We predict this flower will become a universal favorite.

**Price \$2.00**

## DECORATIVE DAHLIAS
